CPAC Update	<ul style="list-style-type: none"> • Last night's CPAC meeting was cancelled so this presentation will have to be rescheduled. • Robert and Melinda talked about the Community Planning Advisory Council (CPAC) presentations they have attended for the Safety Net Goal group. • They are finding that three years ago when the HSCC visited the CPACs that the community members had real concern and wanted to help now three years later there has been a real change in the perspective. The community has more a feel of frustration with the homeless situation, it has gotten worse and as the homeless people are more aggressive, there is more filth, more fires, and more theft. Community members are feeling the need to protect themselves from the homeless people as there is a real concern of personal safety and security.
